

June 2021

Dear Families,

Your child has worked so incredibly hard this year! We all want your child to KEEP that knowledge so that when September is here, your child is ready for first grade! Did you know that children lose an average of **2 months of learning** if they do not read/practice skills during the summer months? Scary, right? We don't want that to happen.

Please make sure your child uses IXL and Raz-Kids every day. Also, make sure your child practices the words in their flip books, letters and sounds, addition and subtraction facts, and sight words. Also, check out the Summer Fun Ideas on the next page.

Enjoy and have a great summer!
